The Texas Department of Banking and the Federal Reserve Bank of Dallas are co-hosting a free webinar on February 26th. The goal of this webinar is to share examples and best practices on ways banks and organizations can educate communities using the “Building Wealth App” and to learn how to become more proactive in financial education at the convenience of your office or home. This app is available as a free download in the app stores for Android, Apple/BlackBerry smartphones and tablets, and is aimed at consumers, educators, students, nonprofit organizations and credit counselors.
