INDUSTRY NOTICE 2020-12

Date: October 1, 2020

Highlights from the 8th Annual Community Banking in the 21st Century Research and Policy Conference

Results from the Conference of State Bank Supervisors (CSBS) [national survey](#) and [Five Questions for Five Bankers](#), completed by community bankers, were released on September 30, 2020, at the Community Banking in the 21st Century Research and Policy Conference.

The Department of Banking participates each year in this important event bringing together bank regulators, academic researchers, and community bankers from across the United States to discuss the issues and seek solutions to the problems facing community banks.

CSBS, together with the Federal Reserve System and the Federal Deposit Insurance Corporation, sponsored the 8th Annual Community Banking Research and Policy Conference, held virtually September 30-October 1, 2020.

We encourage you to visit the Community Banking in the 21st Century [website](#) for information about this year's event. The website also features a [research and analysis repository](#) for community bank-related information and data. Published papers, working papers, and articles from past conferences are included.
