INDUSTRY NOTICE 2014-5

Date: October 23, 2014

Event: Executive Leadership of Cybersecurity - Austin

Date: December 3, 2014

Time: 8:30 a.m. - 4:15 p.m.

Location: Austin Hilton Airport, Austin, Texas

The Texas Bankers Association, Independent Bankers Association of Texas, SWACHA, law enforcement and both federal and state banking regulators have partnered to bring you this overview of cyber threats to the banking industry as well as resources and actions you can take to manage these evolving threats. With recent headlines of large scale cyber breaches, cybersecurity has moved from the back room to the board room.

This event is designed for CEOs and Directors to help them manage one of today's most challenging aspects of bank risk management. Table Top Exercises and an Action Planning exercise will provide thought provoking ideas to incorporate into your institution's processes, and the general sessions will bring participants up-to-date on the current threat landscape.

AGENDA HIGHLIGHTS

- Opening Remarks: Charles G. Cooper, Texas Banking Commissioner
- Keynote Address: Sarah Bloom Raskin, Deputy Secretary of the Treasury
- Threat Landscape: Valerie Abend, Senior Critical Infrastructure Officer, Office of the Comptroller of the Currency
- Globalization of Cybercrime: Steven Bullitt, Special Agent, U.S. Secret Service
- Luncheon Speaker: Gary McAlum, Chief Security Officer, USAA
