* Texas Finance Code §34.004(a) by its terms applies to "nonparticipating royalty interests." The required standards for eligibility and approval, demonstrate the key attributes of a nonparticipating royalty. These standards refer to the inherent nature or attributes of the title held, and cannot be created after acquisition. For example, indemnification in a lease agreement will not satisfy the requirements of §34.004(a)(2) (the interest must not be subject to expenses of exploration, development, production, operation, maintenance, or abandonment).
