

**ASSIGNMENT OF PREPAID FUNERAL CONTRACT FUNDS
(When Provider Funeral Home is not Contracted Funeral Home)**

_____ (Provider Funeral Home)
does hereby certify and covenant that it has completely and satisfactorily performed all services and duties in connection with the funeral of _____
(Beneficiary). Provider Funeral Home acknowledges that it is not the contracting funeral home in the original preneed contract, but hereby requests payment of the benefits for Preneed Funeral Contract No. _____.

Provider Funeral Home further represents and warrants that there have been no claims or complaints made in connection with the funeral for the above-named deceased. The next of kin also acknowledges the providing funeral home is under no obligation to provide funeral goods and services for the prices set forth in the preneed contract, since the use of a funeral home other than the contracted funeral home results in the cancellation of the preneed contract (unless otherwise specified in the preneed contract or a successor provider agreement). The decedent's representative should receive at a minimum the required trust-funded* or insurance-funded† preneed credit, whichever is applicable, to apply towards the at-need funeral costs incurred at the providing funeral home.

The family of the deceased hereby assigns the applicable benefit of the preneed contract of \$_____ to _____ (Provider Funeral Home).

Provider Funeral Home Representative

Date Executed

Deceased's Personal Representative or next of kin

Date Executed

* For trust-funded preneed contracts, at least 90% of the principal amounts paid-in on the preneed contract.
† For insurance-funded preneed contracts, credit is subject to policy provisions and/or current beneficiary assignments but is generally equal to the funding policy's death benefit.
