Texas Department of Banking Receives Reaccreditation

The Texas Department of Banking received its sixth consecutive banking supervision accreditation from the Conference of State Bank Supervisors (CSBS). Receiving this designation verifies that the Department continues to maintain the highest standards and practices in state banking supervision set by the CSBS Accreditation Program.

The CSBS Bank Accreditation involves an in-depth review of an agency's policies, procedures, and operations to determine if it meets the standards set forth by the CSBS Performance Standards Committee. The Accreditation Program assists state bank departments in standardizing their processes, provides guidance and assistance through self-evaluation, establishes best practices for state regulation, and strengthens the state banking system by creating a shared set of principles.

"I am pleased to have knowledgeable and dedicated staff who work tirelessly to make the Department a leader in bank supervision," said Commissioner Charles G. Cooper.
